

# PITCH YOUR THESIS WORKSHOP

**PRESENTED BY THE PUBLIC SPEAKING PROGRAM & THE HARVARD COLLEGE WRITING CENTER**

Faculty from Expos 40 will lead a workshop to help you develop an elevator pitch version of your thesis. You will then have a chance to present your pitch from the Queen's Head stage to a supportive audience.

The Pitch Your Thesis workshop is an opportunity to take a step back from writing your thesis and focus on the big picture: *Can you clearly articulate your main argument? Can you explain why your research matters/what you hope to contribute to your field? Will you be ready to present your ideas clearly and effectively in an oral presentation or at the 3-Minute Thesis Competition later this spring?*

**Thursday, February 20, 6-8 PM**  
Cambridge Queen's Head

**Space is limited! To register, please visit:**
